- Provides direction to, and coordinates with, market Senior Directors of Compliance for standardization and uniformity in implementation of compliance projects, oversight activities, and key compliance processes that are centrally designed and subsequently disseminated to the ministry markets.
- Works closely with Data Analytics Director to analyze and trend compliance data for reporting purposes and proactive compliance initiatives
- Serves as a compliance thought leader attending operational meetings, as needed.

Qualifications

Education

- Bachelor's degree required Master's degree preferred

Experience & Knowledge:

- 7 years of experience required. 10 years of experience preferred. 5 years of leadership or management experience preferred.

Ascension is a faith-based healthcare organization dedicated to transformation through innovation across the continuum of care. As one of the leading non-profit and Catholic health systems in the U.S., Ascension is committed to delivering compassionate, personalized care to all, especially to those most in need. In FY2018, Ascension provided nearly \$2 billion in care of persons living in poverty and other community benefit programs.

Ascension includes approximately 156,000 associates and 34,000 aligned providers. The national health system operates more than 2,600 sites of care – including 151 hospitals and more than 50 senior living facilities – in 21 states and the District of Columbia, while providing a variety of services including physician practice management, venture capital investing, investment management, biomedical engineering, facilities management, clinical care management, information services, risk management, and contracting through Ascension's own group purchasing organization.
