

Director of Reimbursement

University of Iowa Health Care

Iowa City, Iowa

Summary

The Director of Reimbursement is an experienced, proven leader responsible for the accounting, reporting and control function related to all third party reimbursement activities for the University of Iowa Hospitals & Clinics, UI Physicians and the Carver College of Medicine. The director will ensure the appropriate amount of Medicare, Medicaid and other government reimbursements are received for the University of Iowa Health Care.

The ideal candidate will have a strong cost reporting background with experience overseeing reimbursements in an academic medical center setting. This will include experience working with reimbursements around organ transplants and GME programs. The University of Iowa Health has a large amount of Medicaid financing, so a deep understanding of the various payment models will be essential to the success of this candidate.

Responsibilities:

- Enhance and direct reimbursement processes, including reimbursement measurement and analysis, accounts receivable, third party payor liabilities, revenue budget and revenue forecasting
- Ensure compliance with relevant regulations
- Research reimbursement issues and provide analysis for leadership
- Direct completion of the annual Medicare and Medicaid cost reports

Qualifications:

- A strong candidate will have a strong cost reporting background with experience overseeing reimbursements.
- Transplant reimbursement experience is ideal.
- Master's degree in Business Administration or Accounting or an equivalent combination of education and experience is required
- 5-7 years of relevant healthcare accounting experience in hospital reimbursement
- 3+ years reimbursement experience in an academic medical center
- Experience with Disproportionate Share (DSH), graduate medical education, and organ transplants
- *Preferred:* CPA, MHA or MBA
- *Preferred:* Background in an academic setting
- *Preferred:* Knowledge of physician reimbursement
- *Preferred:* Epic patient accounting and HFS experience
