

Corporate Compliance Specialist – Compliance Audit and Monitoring Program

New York, New York

Summary

As a Corporate Compliance Specialist, you will be a lead professional responsible for the Audit and Monitoring Program of NewYork-Presbyterian's Corporate Compliance program. Step into this vital role supporting NYP's initiative to enhance our robust Compliance Audit and Monitoring Program. You will be a part of a team that helps improve processes and promote compliance across the enterprise.

Responsibilities:

- conducting enterprise wide compliance audits of high risk areas of the hospital,
- preparing reports with recommendations for procedures and process improvements,
- continuous communicating and collaborating with process owners
- performing data analysis
- continuous monitoring to ensure compliance with laws, regulations, and internal policies and procedures.

Qualifications

- Bachelor's degree
- Three or more years of experience relating to Compliance and Privacy with a thorough understanding of compliance and privacy regulations or related NYP experience.
- Knowledge and experience of government healthcare laws, regulations, and standards, particularly Medicare, and Medicaid
- Ability to complete audits timely
- Ability to communicate effectively with all levels of the organization

Preferred Qualifications

- CHC or CIA
- Exposure to internal and external auditing, risk management and performance improvement
