

## Director, Compliance and Privacy

*Burlington, MA*

### Summary

Beth Israel Lahey Health (BILH) has an excellent opportunity for an experienced leader to join its team serving as the Compliance and Privacy Officer for Lahey Hospital & Medical Center (LHMC), its affiliated clinics and outpatient departments, and legacy Lahey Shared Services (LHSS).

### Responsibilities

- As a role model leading the compliance activities, you will work directly with BILH compliance leadership, including the Associate Deputy Compliance Officer.
- Develop and maintain a compliance program designed to ensure compliance with applicable privacy standards and regulations such as HIPAA, HITECH, and various state laws; applicable government payor requirements such as Medicare and MassHealth; and other essential state and federal laws, rules and regulations.

### Qualifications

*In addition to a bachelor's degree in healthcare, business, or law (master's preferred), we require:*

- Academic medical center experience
- Professional license (e.g., nursing, law) and/or other professional compliance designation such as CHC, CIPP, etc.
- Seven to 10 years of healthcare compliance and privacy related experience, along with previous management experience
- Five plus years of escalating responsibility and work experience in the compliance and privacy field (healthcare, law, internal audit), including progressive program and project management roles in large and complex organizations
- Previous compliance leadership role as hospital compliance officer
- Research, conflicts of interest, privacy and fraud waste and abuse experience a plus

---

Beth Israel Lahey Health ("BILH") brings together world-class academic medical centers and teaching hospitals associated with Harvard Medical School and Tufts University School of Medicine, leading community hospitals, a premier orthopedics hospital, behavioral health services, post-acute services, and home care services, all complemented by best-in-class physician networks and a full spectrum of care offerings in non-hospital settings to provide the full lifecycle of health care services for the communities it serves.

As the second largest health care system in New England and the second largest employer in the Commonwealth of Massachusetts, BILH consists of 13 hospitals, 25 major ambulatory facilities, and 4,300 physicians including 850 primary care physicians serving over one million patients.

**A great place to live and work.**

In addition to a competitive salary and a benefits package that begins on day one, our convenient location between Boston and New Hampshire is perfect. With the beautiful fall foliage, apple picking and numerous skiing locations during the winter – whether you want the city or the country – there is something for everyone.
