

American Institute of Healthcare Compliance (AIHC) Safety Guidelines for October 2021 Live Events

We are looking forward to seeing you at the October 2021 live training camp event! We want you to attend AND feel safe. Please know that AIHC only uses venues where national and local safety guidelines are practiced. We are also limiting the number of attendees so we can space everyone out within the classroom, even though COVID restrictions have generally been lifted.

- You are not required to wear a mask in class unless you choose to do so or unless guidelines have changed as of the date of the event.
- Everyone will be seated 6 feet apart just as a precaution, since not everyone may be vaccinated.
- We highly recommend washing your hands frequently and use hand sanitizer during the event.
- Arrive 15 minutes prior to lecture to sign in as proof of attendance.

Do not come if you are sick or have been exposed to someone testing positive for COVID-19 within the past 14 days– we can transfer you to the online course or make other special arrangements to help you train and certify when you are feeling better.
