

# **AVP, Chief Privacy Officer**

## ***Montefiore Medicine Academic Health System***

Job Location: Bronx, NY

Campus: Moses

Full Time / Days 8:30 am -5 PM

### **OVERVIEW:**

The Chief Privacy Officer provides leadership and oversight of the system privacy program, in compliance with the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule, relevant state laws, and internal policies. Role includes but is not limited to oversight of daily program operations, audits, investigations and agency oversight; coordination and communication regarding privacy among system entities; advising and communicating with senior leadership, physicians and management on privacy-related issues; maintenance of HIPAA policies and procedures including implementation, maintenance of, and adherence to the organization's and the plans' policies and procedures relating to the confidentiality of protected health information (PHI). Under the direction of the System Chief Compliance Officer (CCO), and in collaboration with the Chief Information Security Officer (CISO), the Chief Privacy Officer serves as a thought leader on all privacy-related issues.

### **QUALIFICATIONS:**

At least 10 years of professional experience in corporate compliance, health information management, health administration, health care operations, or 5 years of direct experience in a privacy role.

Advanced degree in Law, Health Administration, Health Information Management, Business Administration, clinical discipline or related field.

HIPAA Privacy Certification or Certified Health Care Compliance Professional preferred.

Knowledge of and experience with information privacy laws, access, release of information, and release control technologies.

Demonstrated leadership, organizational, management, communication, technical and presentation skills.

High level of personal integrity, as well as the ability to professionally handle confidential matters, with judgment and maturity.
