

Regulatory Compliance Consultant | Healthcare

BKD

Job Location: St Louis, MO

Full Time

Description & Requirements:

As a Compliance Consultant with BKD, you will gain valuable experience and apply critical thinking and technical knowledge to help health care clients fulfill their mission by assisting with regulatory filings required by third-party payers. You will quickly develop your technical knowledge and skills to serve health care providers such as hospitals, clinics, skilled nursing facilities and home care agencies, learning from our experienced and highly specialized team.

What You Will Do:

- Prepare Medicare, Medicaid and other third-party health care payer cost reports for health care providers
- Work closely with client personnel to request and evaluate information needed to prepare these reports
- Participate in client meetings with our senior reimbursement specialists
- Assist with other regulatory filings to maintain or improve payments from Medicare and other third-party payers

Minimum Qualifications:

- Bachelor's degree in accounting
- Proficiency with Microsoft Office, specifically Excel

Preferred Qualifications:

- Experience in health care financial or patient accounting
- CPA or CPA-eligible
- Experience working with large data files in SQL, Microsoft Access or similar tools
