

# Clinical Documentation Improvement (CDI) Coordinator

**Signify Health**

Job Location: Remote

Full Time

## HOW WILL THIS ROLE HAVE AN IMPACT?

The Clinical Documentation Improvement (CDI) Coordinator reviews Signify Health evaluations for accurate provider documentation of diagnoses based on clinical evidence presented in the evaluation, as well as ICD-10 and internal coding guidelines. This position directs evaluations requiring additional clarification or documentation needs to CDI Specialists.

This role reports to our CDI Manager.

## WHAT WILL YOU DO?

- Reviews member evaluations for accurate, compliant, and specific documentation that reflects a member's status.
- Identifies query opportunities for insufficient support and documentation conflicts.
- Communicates with CDI Specialists on provider documentation trends and improvement needs.
- Completes special projects as required to support operational needs.

## WE PREFER SOMEONE WITH:

- Minimum of 2 years successful work experience in a clinical healthcare setting
- Knowledge of medical terminology
- Knowledge of pharmacology
- Working knowledge of medical coding and CMS guidelines
- Solid verbal and written communication skills
- RN, LVN/LPN, or equivalent clinical experience
