

Coding Specialist

Health Information Management (HIM)

Job Location: Weiser, ID

Full Time

M-F 8 am to 5 pm

Competitive Salary D.O.E. (depending on experience)

JOB DESCRIPTION:

Conducts hospital inpatient, outpatient (emergency room and outpatient surgery), and clinic record reviews to properly assign and sequence principal diagnosis and procedure codes for data retrieval, data analysis, and insurance claim processing. Assigns diagnosis codes that accurately reflect patients comorbid and complications of their conditions. Effectively abstracts data from the records and audits records to verify coding and grouping accuracy. Works with billing department to correct coding and billing claim errors.

Do what you do best every day, make great friends, and achieve more. We're a community hospital brimming with talented staff who are focused on saving lives, improving health, and building community. We are people serving the community, getting results, here for the future.

REQUIREMENTS:

- High School graduate or equivalent. Some college or Associates Degree preferred.
- Registered Health Information Technician (RHIT) or coding certification (CCS or CPC) required.
- One year of previous similar hospital experience preferred.
- Knowledge of RHC and CAH standards and state medical record requirements.

Weiser Memorial Hospital is an EEO/AA employer offering our employees a drug, alcohol, and tobacco free environment. Applications will be accepted until the position is filled.
