

Consultant, Senior Healthcare Consulting

Kaiser Permanente

Job Location: McLean, VA

Full Time/Days

JOB SUMMARY:

Managerial consulting supports senior leadership by addressing strategic issues, including determining the problem definition and structuring the problem-solving approach, generally where no precedent currently exists. Issues span several topics and are not restricted to one functional area. Examples include strategy development, market assessments, policy issues, profitability assessments and major implementations. Issues support senior leadership in the definition and attainment of organizational goals. Healthcare Senior Managerial Consultant provides consulting, project management, operations, analytic support services or technical expertise for a broad array of issues. Has sole responsibility for large complex multi-dimensional analytical projects.

RESPONSIBILITIES:

- Leads, makes significant contributions, and/or provides technical leadership to high visibility management projects to identify and resolve issues of strategic importance. Interfaces regularly with senior and front-line management and front-line employees to produce timely and valuable results. Establishes effective working relationships with peers both internal and external to KP.

QUALIFICATIONS:

Experience:

- Minimum five (5) years of either consulting, project management, healthcare operations or health insurance experience including minimum two (2) years working in healthcare.

Education:

- Bachelors degree required, OR four (4) years of experience in a directly related field.
- High School Diploma or General Education Development (GED) required.

PREFERRED QUALIFICATIONS:

- Minimum six (6) years of consulting and project management experience including two (2) years working in healthcare preferred.
- Project Management Professional (PMP) preferred.
- Lean Process Improvement Certification preferred.
- Masters degree strongly preferred.
- Master of Business Administration (MBA) or Master of Public Health (MPH) preferred.
- Primary Care clinical experience preferred.
