

Chief Executive Officer

Lourdes Health Lifepoint Health

Job Location: Pasco, WA

Full Time/Days

JOB SUMMARY:

LifePoint Health has an opportunity for a Chief Executive Officer. The CEO will have oversight of Lourdes Health, located in Pasco, WA. The **Chief Executive Officer** creates strategic direction for the market, while providing operational oversight and insight ensuring business objectives are met.

RESPONSIBILITIES:

- Hold hospital leadership accountable and ensure market and hospitals have the right talent to achieve objectives.
- Execute on LifePoint's quality initiatives, service line development and implementations while capitalizing on market synergies related to strategic and operational opportunities.
- Coordinate and drive implementation of company initiatives, representing LifePoint in the marketplace.
- Coordinate the activities of senior executives to develop short and long-range objectives, policies, and procedures.
- Review and approve all financial reports, budgets, Managed Care contracts, and major expenditures.
- Direct, establish, review, and adjust charges for services provided internally and externally that financially impact operations.
- Maintain accreditation and licensure standards of The Joint Commission (TJC) on accreditation of hospital organizations, Medicare, Medicaid, state licensure, regulatory agencies, and similar organizations.
- Analyze operating results of the Company and its principal components relative to established objectives and ensure appropriate steps are taken to correct unsatisfactory conditions.

JOB REQUIREMENTS

Education:

- Master's Degree in Hospital Administration (MHA), Business Administration (MBA), Management or related field is required.

Experience:

- A minimum of 3-5 years of experience at the CEO level in a similar sized for-profit, acute-care hospital is required; however, may also consider 3-5 years of COO experience in a larger, for-profit, acute-care hospital.
- Exceptional physician recruitment and relations skills are required.
- Exceptional community and board relations skills are required.
- Exceptional leadership skills and a hands-on visible approach to staff management and interaction are required.
- Exceptional financial acumen and operations management expertise are required.
