

Director of Quality and Risk

Raleigh General Hospital Lifepoint Health

Job Location: Beckley, WV

Full Time/Days

JOB SUMMARY:

Directs, controls and evaluates the activities, functions, and management of personnel within the Quality/Performance Improvement, Risk Management, and Medical Staff Office departments as well as effectively managing and meeting fiscal goals defined for these departments. Responsible for facility-wide regulatory compliance. Serves as the Patient Safety Officer and Ethics and Compliance Officer.

OTHER RESPONSIBILITIES:

- Achieves shared operational management among leadership, medical staff, and clinical employees to continually improve patient care outcomes.
- Implements the vision, goals, and strategies of the Senior Leadership team as a dynamic leader with excellent communication skills and the ability to motivate and continually advance clinical practice and patient experiences.
- Collaborates with physicians, clinical managers and other members of the health care team to coordinate activities between the hospital and physicians, promote optimum patient care/service, identify and resolve barriers, and promote growth in patient volume.
- Oversight and continued implementation of the Ethics & Compliance Program and the facility's compliance with requirements of federal health care programs.
- Conducts independent investigations on ethics and compliance issues and ensures all E&C standards and policies and procedures are communicated to each LifePoint colleague, agent and independent contractor according to the requirements of each position and then adhered to accordingly.
- Fosters and environment where colleagues know they can raise concerns or report suspected code violations.
