

Compliance Specialist

HCA Healthcare

Job Location: Brentwood, TN

Full Time/Days

JOB SUMMARY:

The Compliance Specialist will work directly with the AVP and Research Ethics and Compliance Officer in supporting development of compliance standards for research activities within HCA Research Institute. The Compliance Specialist will assist in development and implementation of Conflict of Interest Program ("COI"), strategic planning to support development of research compliance training, compliance related analytical work, contract review, and research of laws, regulations, and policies governing clinical research compliance.

MINIMUM REQUIREMENTS:

- 3+ years of experience in healthcare regulatory or compliance environment required

EDUCATION/LICENSES/CERTIFICATIONS:

- Bachelor's degree required
- Certification in Healthcare Compliance preferred

ADDITIONAL INFORMATION:

- HCA Healthcare (Corporate), based in Nashville, Tennessee, supports a variety of corporate roles from business operations to administrative positions. Like our colleagues in any HCA Healthcare hospital, our corporate campus employees enjoy unparalleled resources and opportunities to reach their potential as healthcare leaders and innovators. From market rate compensation to continuing education and career advancement opportunities, every person has a solid foundation for success. Nashville is also home to our Executive Development Program, where exceptional employees are groomed to take on CNO- and COO-level roles in our hospitals. This selective program focuses on ethics, leadership and the financial and clinical knowledge required of professionals at this level of the industry.
