

## **HIM Manager**

Job Location: Excelsior Springs, MO  
Full Time/Days

### **POSITION SUMMARY:**

In this role, you'll ensure compliance with data quality standards, collaborate with healthcare providers to enhance documentation, and maintain strong relationships with clinical leaders. From managing HIM systems and enforcing regulatory compliance to optimizing revenue cycle processes, you'll play a pivotal role in ensuring the integrity and efficiency of our health information management practices.

### **QUALIFICATIONS:**

- Bachelor's degree in Health Information Management (HIM) preferred.
- Certification as an RHIT, RHIA, or CCS
- 5+ years of experience in HIM preferred.
- 2+ years of prior HIM supervisory experience preferred.
- Critical Access Hospital experience preferred.
