

Senior or Staff Auditor Healthcare

University of Michigan

Job Location: Ann Arbor, MI

Full Time/Days

JOB SUMMARY:

Under the direction of the associate director or other departmental leadership, the successful candidate will be responsible for planning and performing financial, operational, and compliance audits, and special projects related to the University of Michigan campuses with emphasis on the University's Academic Medical Center and clinical operations.

REQUIRED QUALIFICATIONS:

- Bachelor's degree, ideally in accounting, finance, healthcare administration, business, clinical operations, or related field.
- Relevant professional experience in auditing and/or healthcare operations. Prior audit experience is preferred.
- Solid organizational, time management and leadership skills, including the ability to work on multiple projects simultaneously and independently.
- Ability to work effectively and collaboratively as an individual contributor or team member in a diverse work group and the wider university community.
- Excellent writing, communication, interpersonal, presentation, and organizational skills.
- Strong analytical and creative problem-solving abilities.

DESIRED QUALIFICATIONS:

- Knowledge of healthcare operations, including areas such as clinical operations, charge capture, revenue cycle, HIPAA, and other compliance/regulatory requirements.
- Knowledge of auditing principles and techniques.
- Certified Internal Auditor (CIA), Certified Public Accountant (CPA), or other relevant professional certification (e.g., CISA, CFE).
- MBA or Master's degree.
- Experience with data analytic software such as ACL.
- Knowledge of Epic/MiChart system.

ADDITIONAL INFORMATION:

We offer a collegial atmosphere, professional growth opportunities, and work/life balance. Overnight travel is not required, except for occasional travel when attending professional development events. There is a need for the selected candidate to secure reliable internet access/Wi-Fi for this in-person/office hybrid position. Some on-site work is required so the candidate must live within a reasonable commuting distance from Ann Arbor. This position will have a potential for a flexible combination of on-campus and remote work.
