Full Time/Days

JOB SUMMARY:

We are seeking a highly motivated and analytical individual with a background in Revenue Cycle Management (RCM) to join our growing team as a Healthcare Reimbursement Analyst. Candidates should possess an understanding of healthcare revenue cycle and government and commercial payer reimbursement processes. This role requires strong analytical skills, attention to detail, and the ability to work with large data sets to identify payer reimbursement issues and trends.

The role requires analyzing financial data to identify areas to drill down and developing financial reports from billing system data for follow up actions by internal and client teams, to ensure accurate and timely reimbursement for healthcare services. The role will also develop operational reporting on backlogs, productivity and other internal performance metrics.

MINIMUM REQUIREMENTS:

- Minimum of 3 years of experience in an analytic role, preferably in healthcare reimbursement analysis or revenue cycle management.
- Knowledge of healthcare reimbursement processes and methodologies, including Medicare, Medicaid, and commercial payers.
- Basic understanding of healthcare coding systems (e.g., ICD-10, CPT, HCPCS) and coding guidelines.
- Strong analytical skills with the ability to interpret complex reimbursement data and identify trends and patterns.
- Excellent communication and interpersonal skills with the ability to collaborate effectively with internal teams and external stakeholders.
- Detail-oriented with a high level of accuracy and precision in data analysis and documentation.
- Ability to work independently, prioritize tasks, and meet deadlines in a fast-paced environment.
- High proficiency in data extraction and manipulation, Microsoft Excel and reporting tools.

EDUCATION/LICENSES/CERTIFICATIONS:

- Bachelor's degree in Healthcare Administration, Finance, Accounting, Business, or related field.

ADDITIONAL INFORMATION:

- Onsite in Fairlawn, OH with hybrid work model potential following 90 days
