

Profess and Outpatient Coding Auditor and Educator

Job Location: Remote – St Louis Metro Area
Full Time/Days

JOB SUMMARY:

This position will interact with both coding professionals as well as clinicians and providers. The individual is responsible for auditing the coding assigned by the provider as well as the coding team members and providing education to the same audience based on regulations, guidelines and audit findings. Ideal candidates will have at least 10 years of auditing, education, and compliance experience, preferably in an academic environment, be an RN or other clinician, and hold CCS or CPC or comparable certifications. This individual may need to assist with coding support for some clients. Additionally, this individual may need to coordinate the activities of other auditors. Finally, this individual must be willing to grow the number of audit clients as well as create presentations and present at in-person and virtual conferences.

MINIMUM CERTIFICATIONS and EXPERIENCE:

- 10 years of auditing and provider/coder education experience.
- CCS, CCS-P, or CPC certifications. RHIA, RHIT.
- RN, NP, FMG preferred.
- US citizen required.
