

# Compliance Coding Auditor

## Healogics

Job Location: Jacksonville, FL

Full Time/Days

### JOB SUMMARY:

The Compliance Coding Auditor is responsible for helping with the Compliance Department's Auditing activities, including ensuring appropriate coding by providers and internal and external coders, as well as providing coding education, as required. The Compliance Coding Auditor audits medical and billing records for compliance with federal and state health care program and commercial payor coding and billing regulations and guidelines regarding the correct application of ICD-10, CPT, HCPCS Level II and modifiers. This position can be remote, based anywhere in the United States, but if remote then some minor travel will be required.

### MINIMUM REQUIREMENTS:

- Minimum of three (3) years of experience auditing physician coding and diagnoses, or five (5) years of experience doing physician-related coding.
- Experience with Wound Care procedure codes, Hyperbaric Oxygen Therapy codes, and Evaluation & Management codes is preferred.
- Proficiency in Microsoft Office Suite (Outlook, Teams, Word, Excel, PowerPoint) required.
- Familiarity with coding and billing software strongly preferred.
- Must have a high degree of ethics and integrity.
- Ability to work in fast-paced environment and to work on multiple projects at the same time.
- Ability to work with others and in a team environment.
- Demonstrated history of high attention to detail.
- Self-starter with excellent time-management and organizational skills.

### EDUCATION/LICENSES/CERTIFICATIONS:

- High-School Diploma
- CPC certification required.
- CPMA certification preferred.
- CHC or other compliance certification preferred.
