

Corporate Director, Revenue Cycle

Emory Healthcare

Job Location: Atlanta, GA

Full Time/Days

JOB SUMMARY:

- Oversees the key functions within the revenue cycle for Emory Healthcare that pertain to charge capture, coding and edit management; with resources that include both clinical departments and Patient Financial Services (PFS) to coordinate best in class performance in specific categories of revenue cycle.
- Responsible for meeting and exceeding specific metrics related to the above functions.
- Will determine and establish the revenue cycle integration model and implementation for consolidating these functions across the clinical departments in efforts to build centralized support services.
- Responsible for organizing and overseeing the work of staff who serve in reimbursement functions.

MINIMUM REQUIREMENTS:

- At least 7 years experience with revenue cycle functions, preferably in both the shared service and clinical department environments.
- Demonstrated understanding in how to manage resources across an organization to make an enterprise-wide impact.
- Experience with ambulatory care environments and ability to translate and embed standard operating procedures and process into the clinical environment where appropriate.

EDUCATION/LICENSES/CERTIFICATIONS:

- Bachelor's degree required in related field or healthcare preferred.
- Master's degree preferred.

ADDITIONAL INFORMATION:
