

Compliance and Quality Improvement Specialist

The University of Utah

Job Location: Salt Lake City, UT

Full Time/Days

JOB SUMMARY:

The Compliance and Quality Improvement Specialist is a member of the ambulatory operations team responsible for pediatric sub-specialty clinical services. This position reports to the Director of Ambulatory Operations. Under minimal supervision, responsible for assisting division leadership and clinical support staff in ensuring quality patient care and compliance with State Rules and accreditation requirements through quality improvement (QI) program design, and data collection, analysis and presentation. Acts as a catalyst between the department and its customers and staff to ensure continuity and quality of service and care. Promotes sound operational practices using a variety of communication strategies, process efficiencies, training programs, and data-based metrics. Works collaboratively with Department leadership, Primary Children's Hospital (PCH), and physician faculty members.

MINIMUM REQUIREMENTS:

- Two years of clinical or related hospital experience.

EDUCATION/LICENSES/CERTIFICATIONS:

- Bachelor's degree in a health care field or equivalency (one year of education can be substituted for two years of related work experience).
- Preferred: A current Utah License to practice nursing.

ADDITIONAL INFORMATION:

- The University of Utah offers a comprehensive benefits package including:
- Excellent health care coverage at affordable rates
- 14.2% retirement contributions that vest immediately
- Generous paid leave time
- 10 paid Holidays per year
- 50% tuition reduction for employee, spouse, and dependent children
- Flex spending accounts
- Free transit on most UTA services
- Employee discounts on a variety of products and services including cell phones & plans, entertainment, health and fitness, restaurants, retail, and travel
- Professional Development opportunities
