

Compliance Auditor

SCA Health

Job Location: Remote

Full Time/Days

JOB SUMMARY:

As a member of the Regulatory Compliance team, the Compliance Auditor will conduct compliance focused audits to ensure compliance with regulatory requirements, as well as support SCA Health's compliance program. The Compliance Auditor will work with all Support Services departments, as well as interact directly with SCA Health facilities.

MINIMUM REQUIREMENTS:

- 2+ years of experience related to health care operations, regulatory compliance, and/or healthcare compliance preferred, but not required.
- Audit experience preferred.
- Understanding of healthcare compliance and compliance related principles.
- Understanding of regulatory compliance processes and internal controls.
- Excellent planning, analytical, organizational, and communication skills are essential.
- Flexible attitude and open to changes in the day-to-day work schedule.
- Absolute attention to detail.
- Demonstrated ability to manage multiple projects and tight deadlines.
- Excellent teamwork and interpersonal skills.
- Demonstrated leadership potential.
- Strong mission and values commitment; natural cultural fit.

EDUCATION/LICENSES/CERTIFICATIONS:

- Four-year college degree in accounting, finance, business administration, or health care administration required.
- If not already achieved, obtain either of the certifications below within first three years of employment:
 - Certified Internal Auditor (CIA) designation
 - Certification in healthcare compliance (CHC)
