

Analyst III - Regulatory Compliance - Government Programs

CareCentrix

Job Location: Remote

Full Time/Days

JOB SUMMARY:

The Analyst III is responsible for monitoring federal and state regulatory requirements that impact CareCentrix's government programs (including Medicare Advantage and Managed Medicaid) and ensuring the compliant implementation of legal and client obligations. This role supports operational compliance by identifying risks, driving adherence to applicable regulations, and facilitating continuous improvement initiatives to maintain and strengthen compliance across the organization.

MINIMUM REQUIREMENTS:

- Minimum 5 years' experience working with managed care laws impacting Medicaid health insurers and delegated entities, including but not limited to, laws impacting utilization management, claims, network management, and credentialing.
- Demonstrated experience in regulatory affairs and/or operations of HMOs, Managed Care Organization's and/or government program health plans.
- Proficiency in MS Office: Excel, SharePoint, PowerPoint, OneNote.
- Advanced legal research skills, advanced organizational and analytical skills, excellent written and verbal communication/presentation skills and attention to detail.
- Strong knowledge of Medicare Advantage guidelines and state regulations applicable to Managed Medicaid

EDUCATION/LICENSES/CERTIFICATIONS:

- Bachelor's degree preferred or a minimum of 5 years' experience in a managed care setting.
