

Investigator II

Point32Health

Job Location: Canton, MA

Full Time/Days

JOB SUMMARY:

The Investigator II is an essential team member of the Special Investigation Unit (SIU) responsible for leading complex provider investigations related to fraud, waste, and abuse, and developing action plans to address the investigative findings and prevent future loss. The Investigator works closely with other members of the SIU to set investigative priorities, develop effective investigative strategies and techniques, and recommend measures to address new and evolving schemes.

MINIMUM REQUIREMENTS:

- **Required (minimum):** 3-5 years' related experience in health insurance and/or fraud investigations.
- **Preferred:** Experience in audits/investigations including experience drafting and distributing summary findings notices to providers or other entities.
- Ability to produce clear, concise, and well-organized documents.
- Resilient, collaborative, flexible, innovative.

EDUCATION/LICENSES/CERTIFICATIONS:

- Certified Professional Coder ("CPC"); Certified Fraud Examiner ("CFE") designation a plus.
- **Required (minimum):** Bachelor's degree
- **Preferred:** Degree preferably in a clinical or scientific field, business, accounting, computer science, or criminal justice.
