

# Revenue Cycle Analyst

**Omada Health**

Job Location: Remote

Full Time/Days

## **JOB SUMMARY:**

Omada Health is seeking a Revenue Cycle Analyst to execute, document, and continuously improve Omada's Revenue Cycle Management (RCM) function. The Analyst will be expected to understand Omada's RCM framework and work with the RCM team in developing effective methods and tools to process data and drive cash collections. You will work directly with both internal and external stakeholders to ensure robust billing and efficient collection processes are in place to support our mission. Your work will ensure that Omada recovers its claims in a timely fashion, our payers are impressed with our service, and our participants can focus on improving their health. This position will be at the forefront of refining the company's processes and practices to further Omada's financial growth.

## **MINIMUM REQUIREMENTS:**

- 1 - 3 years' experience executing revenue cycle management in a healthcare setting
- Knowledge of the US healthcare system, industry terminology (e.g. CPT and ICD-10 diagnosis codes), and best practices
- Advanced proficiency in Excel
- Excellent written and verbal communication skills and comfort working with both technical and non-technical stakeholders
- Ability to juggle both proactive scheduled tasks along with reactive escalations
- Experience working with or for a healthcare clearinghouse
- Understanding of Accounting principles
- Knowledge of digital health and/or a startup work environment
- Experience in SQL or Tableau

## **ADDITIONAL INFORMATION:**

- California, New York State and Washington State Base Compensation Ranges: \$82,800 - \$103,500\*, Colorado Base Compensation Ranges: \$79,200 - \$99,000\*. Other states may vary.
- This role is also eligible for participation in annual cash bonus and equity grants.
