

# Finance-Senior Actuarial Analyst

**ArchWell Health**  
Location: Remote  
Full Time/Days

## **JOB SUMMARY:**

The Senior Actuarial Analyst will play a pivotal role in ArchWell Health's growth and within the Actuarial Department. This Analyst's contribution will be key to the organization's collective success. This role will work closely and collaboratively with various departments, providing insights that support strategic business decisions and optimize financial performance.

## **MINIMUM REQUIREMENTS:**

- At least of 3-6 years relevant Actuarial experience within healthcare **preferred**
- Prior experience within Medicare Advantage
- Understanding of CMS-HCC models (v24/v28), CMS risk adjustment methodology, and RAF score calculation
- Proficiency in modeling, forecasting, and/or variance analysis
- Advanced proficiency in Microsoft Excel
- Prior usage and strong understanding of SQL (2+ years preferred)
- Understanding of profit and loss statements and ability to work with larger datasets behind them
- Analytical, problem-solving, and critical thinking skills
- Ability to work effectively in a fast-paced, dynamic environment and managing multiple priorities simultaneously
- Strong interpersonal skills with the ability to collaborate cross-functionally and build positive working relationships at all levels of the organization

## **EDUCATION/LICENSES/CERTIFICATIONS:**

- Bachelor's degree in Actuarial Science, Mathematics, Statistics, Finance, Economics, or related field required; MBA or advanced degree preferred
- 2+ Actuarial Exams, Pre-ASA or ASA level

## **ADDITIONAL INFORMATION:**

- Occasional travel required, no more than 10%-15%
