

Medical Billing Code Auditor - Healthcare Internal Audit

Fallon Health

Job Location: Worcester, MA/Hybrid

Full Time/Days

JOB SUMMARY:

The SIU Code Auditor will conduct coding audits of medical records provided by providers to check for missing documentation and other medical documentation for E&M, DME, medical, home health services, and may include some behavioral health care services to identify potential over-payments and suspected fraud waste and abuse. Serve as a clinical and code liaison for fraud, waste and abuse team while identifying areas of vulnerability and risk.

In this role, the SIU Code Auditor is responsible for reviewing medical records, identifying coding and billing concerns, supporting investigations, and communicating findings and recommendations to internal and external stakeholders. This also includes tracking of cases assigned and maintaining documentation to department standards and assisting with reports due to both internal and external partners.

MINIMUM REQUIREMENTS:

- 3-4 years of relevant experience.
- Demonstrated proficiency in medical record audits and analysis and ICD-10CM/CPT coding methodology, HCPCS Coding systems and guidelines and knowledge and understanding of medical terminology.
- Knowledge of billing and other coding edits, as well as Centers for Medicare and Medicaid Services (CMS) local and national coverage determinations, and managed billing regulations.
- Strong quantitative, analytical, interpersonal, written and communication skills.
- Understanding in fraud, waste abuse regulations, or any combination of education and experience which would provide an equivalent background.

EDUCATION/LICENSES/CERTIFICATIONS:

- Bachelor's degree preferred or equivalent experience, and prior experience in healthcare.
- Certified Professional Coder (CPC) and/or Certified Coding Specialist (CCS) is **required**. Clinical Experience is **preferred**.
- Certified Evaluation and Management Coder (CEMC) or Certified Professional Medical Auditor (CPMA) are a plus.
