

Sr. Manager – Privacy

Stanford Health Care

Job Location: Palo Alto, CA

Full Time/Days

JOB SUMMARY:

In this role, you'll assist the Sr. Director with strategic planning for proactive privacy programs, design and manage program components (training, policies, awareness campaigns, monitoring, and intranet content), and lead proactive risk assessments. You'll oversee investigations of moderate complexity, support regulator interactions, coordinate incident response and breach reporting, and develop dashboards and reports for leadership. You'll also champion education and awareness, maintain change control for policies, and collaborate with key partners to balance privacy risk with organizational objectives.

MINIMUM REQUIREMENTS:

- 3–5 years of people leadership, strong investigative and regulatory-interpretation experience in healthcare privacy, and a track record of navigating fast-paced environments.
- If you are motivated by leading change, mentoring a skilled team, and delivering impactful privacy outcomes in a collaborative, excellence-driven culture, this is the opportunity for you.

EDUCATION/LICENSES/CERTIFICATIONS:

- Bachelor's degree in a work-related discipline/field from an accredited college or university
- A JD or Master's Degree is a plus.
- Certified in Healthcare Privacy Compliance (CHPC) from the Health Care Compliance Association preferred.
